## SPEED PLUS microSDXC UHS-I U3 Class 10 Card

The SPEED PLUS microSDXC memory card features a maximum transfer speed of 180MB/s and is suitable for drones, action cameras and other devices. It complies with V30, A2, and other standards, supports high-definition recording and multi-tasking, and is the best choice for adventurers.

### SPEED PLUS Storage Evolved

SPEED PLUS microSDXC memory cards can be used in a variety of devices such as drones, action cameras, 360-degree photography, head-mounted devices, etc. Maximum transfer speed can reach 180MB per second, with excellent read/write performance and capacity.

### Load Seamlessly with A2 Standard

The SD Association has released a new A2 standard, allowing SPEED PLUS microSDXC memory cards to provide a minimum random read speed of 4,000 IOPS and a minimum random write speed of 2,000 IOPS. This standard also optimizes the access and loading time of system applications, handles multiple simultaneous commands, and saves power.

### Ultra-Clear Recording, No Frame Drops

The SPEED PLUS microSDXC memory card supports high-definition motion image processing such as Full HD, 3D surround view, and 4K Ultra HD, and can maintain a minimum write speed of 10MB per second in a stable manner, faithfully recording every wonderful moment and making professionals more professional.

### Durable and Reliable Data Protection

The SPEED PLUS microSDXC memory card features an SSD-level LDPC (Low-density parity-check code) automatic error correction function and has passed water resistance, shock resistance, X-ray resistance, anti-static, and high temperature and extreme cold resistance tests to offer the best protection for important data.

### Features

- Read/write speeds up to 180/160MB per second
- Support U3, V30 video specifications
- Complies with A2 standards, able to carry out a large number of commands
- Large storage capacity
- Efficient, durable, and reliable data protection

### Specifications

- Capacity: 64GB / 128GB / 256GB
- Standard: SD6.0
- R/W performance\*:
  - up to 180 / 160 MB/s (128/256GB)
  - up to 160 / 140 MB/s (64GB)
- Speed Class: U3 / C10 / V30/ A2
- Dimensions (L x W x H): 15 x 11 x 1mm
- Weight: 0.25g
- Warranty: Lifetime

\*A dedicated card reader is required to achieve speeds exceeding UHS-I 104 MB/s. Data listed are internal test values and will vary depending on the consumer's system, hardware conditions, and other factors.

\*\*Please make sure your device supports the SD 6.0 specification or later to achieve the best A2 level performance.

### Ordering Information
