About Us

Afore is a leading PV inverter provider from China, with more than twelve years dedicated experience in PV inverter R&D and manufacturing, Afore inverters have been installed in Europe, Australia, China, Indian, Japan, North America and South America, meeting the needs of global users.

We provide single and three-phase high-efficiency PV string inverters for a capacity of 1kW to 60kW, storage inverters (single phase 1-6kW, three phase 3-20kW, split phase 3-9.6kW, AC coupled) and all-in-one storage products. All of our inverters are integrated with smart monitoring system.

We offer not just good products, but also high-efficient local support to our partners and users throughout the inverter life span. Make sure the customers receive reliable returns by choosing Afore!

2010

Afore New Energy Technology (Shanghai) Co. Ltd. was established.

2011

Afore inverter was installed in China's first residential solar PV system.

2012

Afore inverter showed up in Secrets of PV War, one episode of a large studio TV program Dialogue on CCTV-2.

2013

Afore was identified as high-tech enterprise by Shanghai government and becomes a member of Shanghai Solar Energy Society.

2014

Sales amount got continuous growth in Europe, Asia, Australia and other regions.

2015

The first light-weighted design three-phase PV string inverter (10 - 30kW) .

2016

Successful launched 6.0-8.0kW single-phase PV inverters, continues to expand market share.

2017

Three phase 50-60kw inverters are launched, which have the highest water-proofing level IP68 fan in the industry.

2018

The 5th Generation Inverters and Hybrid Inverter (3-5kW) launched.

2019

Single-phase low-voltage hybrid storage inverter launched.

2020

The 6th Generation Inverters and single-phase high-voltage hybrid storage inverter launched.

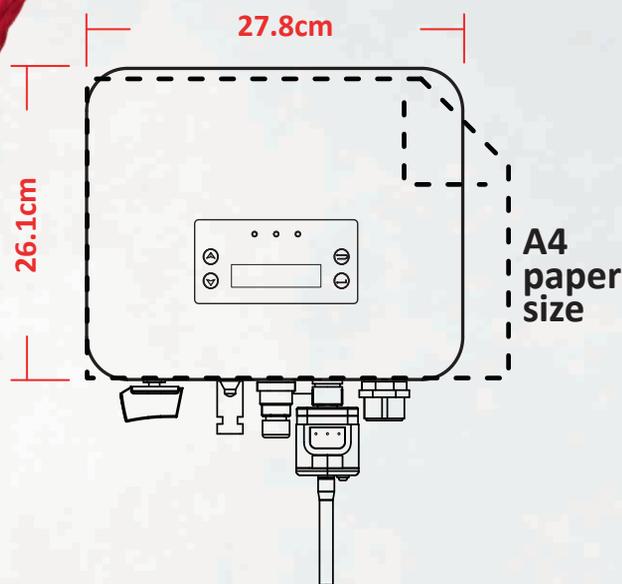

2021

ATON series three phase inverter 3-25kW and US Hybrid Storage Inverter 3-9.6kW launched.

Residential HNS series

HNS-TL1

1-3 kW

The Afore HNS Series Single-phase inverters are designed for residential PV system applications, rating from 1kW to 3kW. All models have unibody housings with aluminum structure which is anodized, increasing durability and effectively prevents corrosion. The unibody housing can ensure efficient heat dissipation, which significantly improves the reliability and extends the life of the inverters.

The inverter menu is activated by sensor touch buttons. Communication implements are via the Wi-Fi module (can be changed to Ethernet / GPRS). Check the system status anytime and anywhere via online portal or APP.

Commercial & Power Plants BNT series

BNT

30-60 kW

The Afore BNT Series Three-phase string inverters are designed for commercial and power plant PV system applications, rating from 30kW to 60kW. All models with aluminum housings which is anodized, increasing durability and effectively prevents corrosion. Equipped with external inductors, ensure efficient heat dissipation, which significantly improves the reliability and extends the life of the inverters.

The inverter menu is activated by sensor touch buttons. Communication implements are via the Wi-Fi module (can be changed to Ethernet / GPRS). Check the system status anytime and anywhere via online portal or APP.

Single Phase Hybrid Inverter

1 - 6 kW for Low Voltage Battery

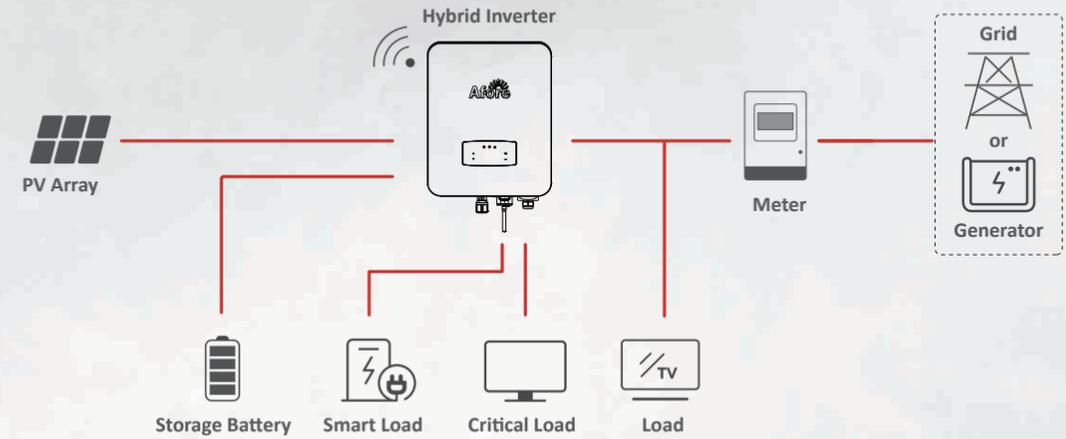

The Afore AF low voltage Series storage Inverters are designed to increase energy independence for homeowners. The power range is from 1kW to 6kW, compatible with low voltage (40-60V) batteries.

Energy management is based on time-of-use and demand charge rate structures, significantly reduce the amount of energy purchased from the public grid.

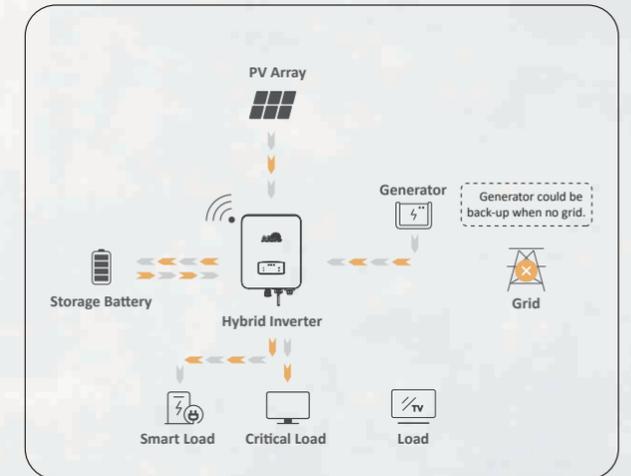

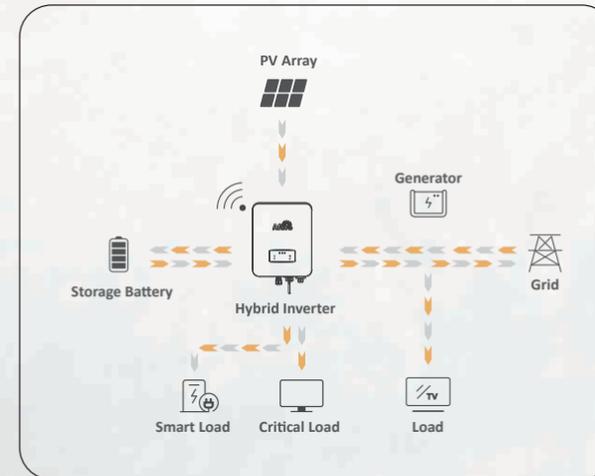

Thanks for the UPS function (switch time < 10ms), enables the crucial loads power on during outages. Additionally, under the backup operation mode, the inverter provides you up to 150% peak output overloading.

The AF low voltage Series storage inverters integrated with Arc Fault Circuit Interrupter (AFCI) and Rapid Shutdown.

For New Storage System:

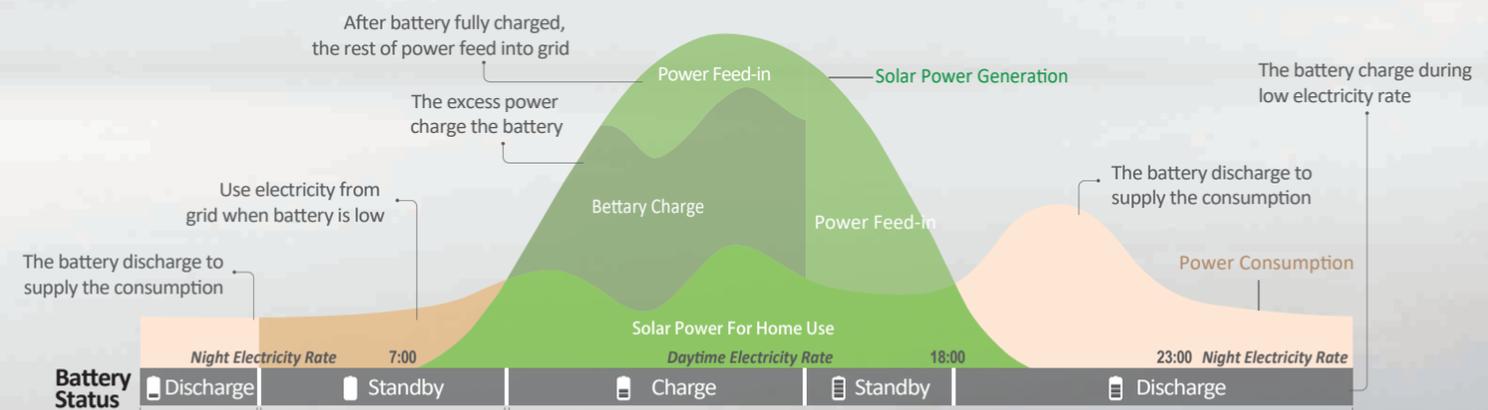

Optimizing Self-Consumption (on-grid) + Emergency Power Supply(off-grid)

Optimizing Self-Consumption Mode

With home energy storage installed, home owners may also be able to change from a flat rate electricity tariff to a time-of-use tariff. For the areas and regions, where peak shaving can be applied.

Three phase Hybrid Inverter

3-30kW

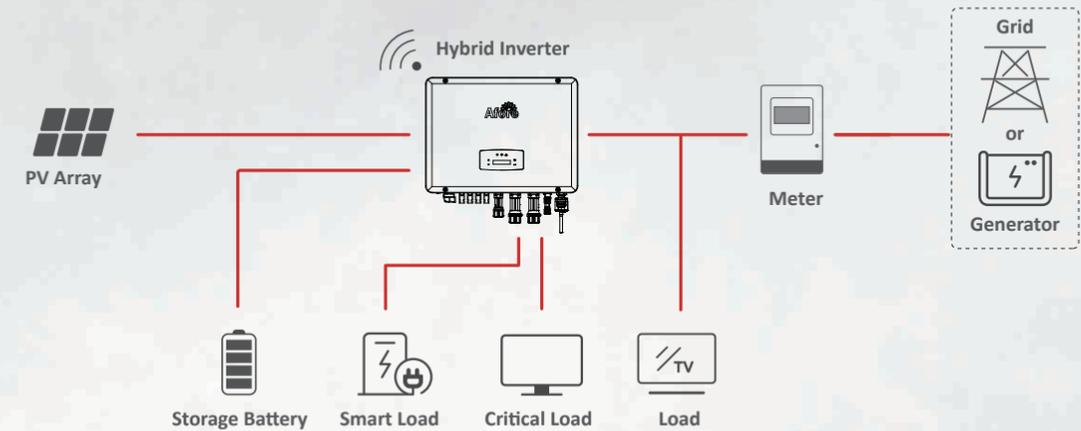

The Afore AF Series three phase storage inverters are designed to increase energy independence for homeowners and commercial users. The power range is from 3.0kW to 30kW, compatible with high voltage (150-800V) batteries.

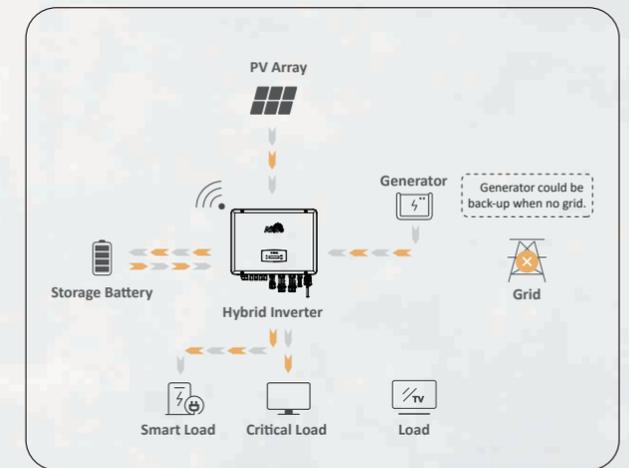

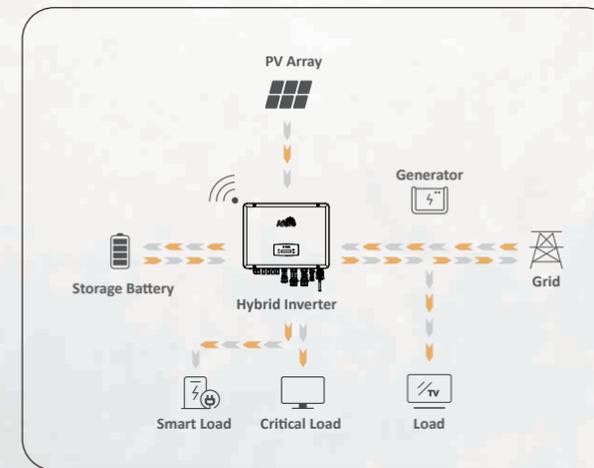

Energy management is based on time-of-use and demand charge rate structures, significantly reduce the amount of energy purchased from public grid.

Thanks for the UPS function (switch time < 10ms), enables the crucial loads power on during outages. Additionally, under the backup operation mode, the inverter provides you up to 150% peak output overloading.

For New Storage System:

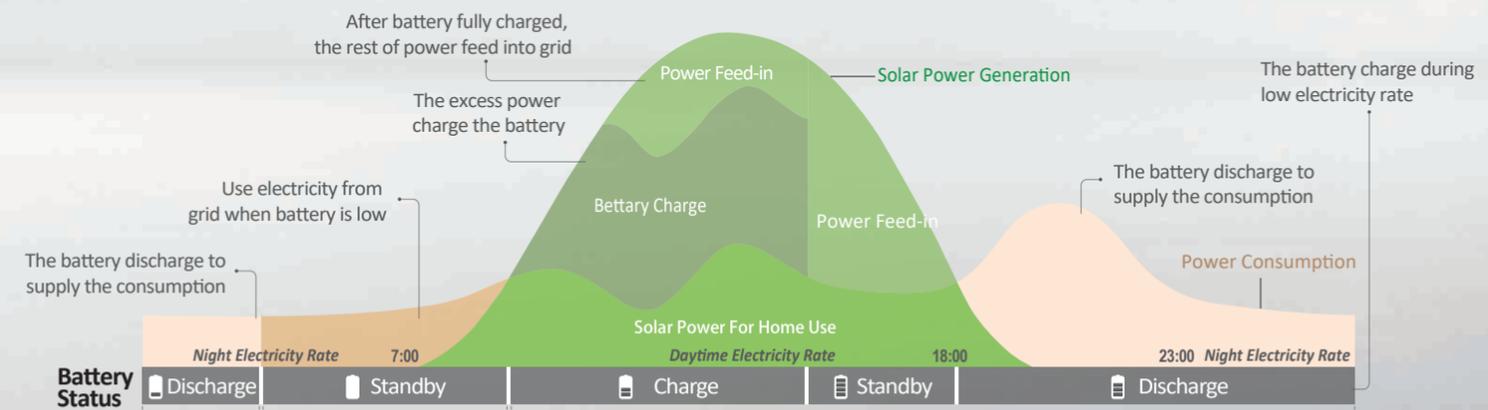

Optimizing Self-Consumption (on-grid) + Emergency Power Supply(off-grid)

Optimizing Self-Consumption Mode

With energy storage system installed, users may also be able to change from a flat rate electricity tariff to a time-of-use tariff. For the areas and regions, where peak shaving can be applied.

WIDE RANGE
Voltage Range
(150-800V)

UNBALANCE
Support Unbalance Load

Max. 1.5

PV OVERSIZE
1.5 Times PV Oversize

Max. 40A

MAX. 40A_{dc}
String Current Up To 40A

<10 ms

UPS FUNCTION
Switch Time < 10ms

INPUT
Support Generator

Support for Time-of-use Optimization

Configurable Operation Modes

AFCI (Optional) & Rapid Shutdown Ready

Build in Anti-feed-in Function

100% unbalanced output, each phase;
200% unbalanced output, each phase (Below 10kW)

Smart Monitoring & Remote Firmware Upgrade

SUPPORT
Island support

- 

97.6% High Frequency Isolation Charge and Discharge Efficiency
- 

Integrated WIFI Monitoring & Remote Parameter Setting
- 

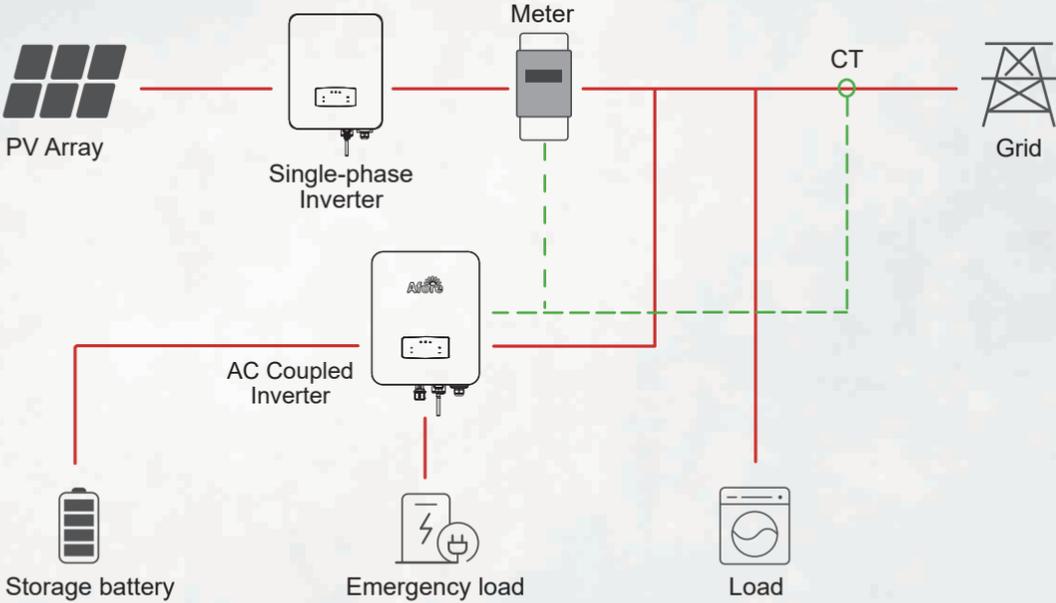

Plug & Play, Easy Maintenance
- 

IP 65 Water-resistant & Dustproof

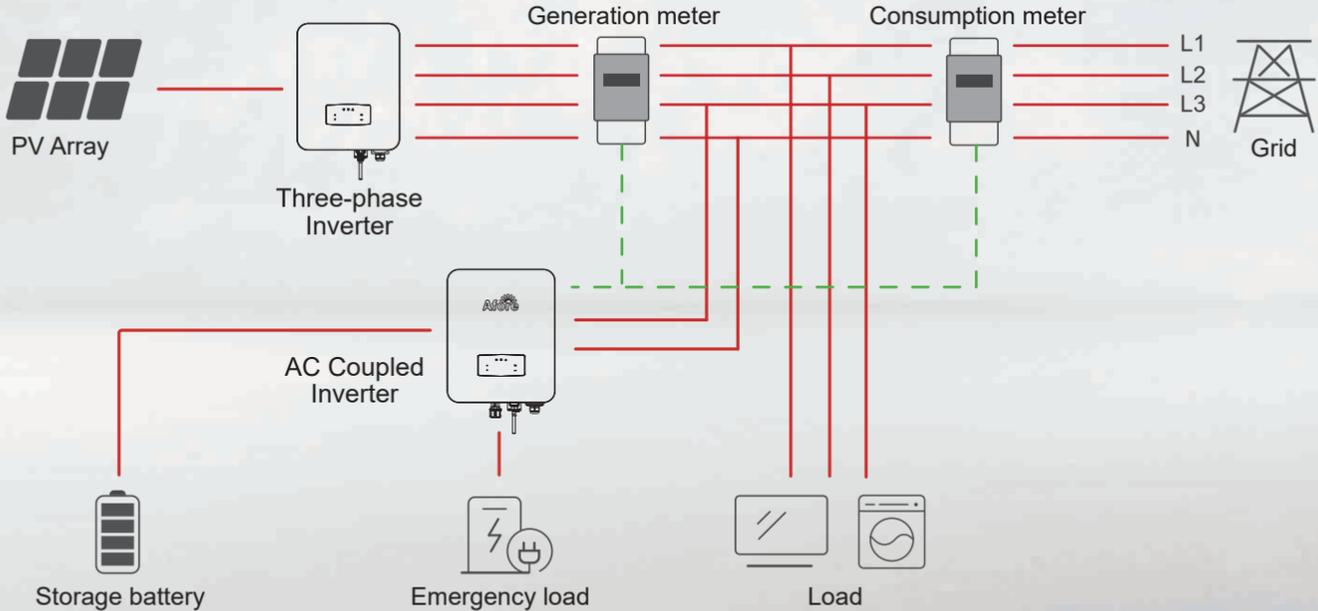

Retrofitting Storage Solution on Existing Solar System:

Adding battery storage to an existing solar system enables home owners to store their solar PV generated electricity instead of exporting it to the grid. More savings on your electricity bill.

Split Phase Hybrid Inverter

3-9.6 kW

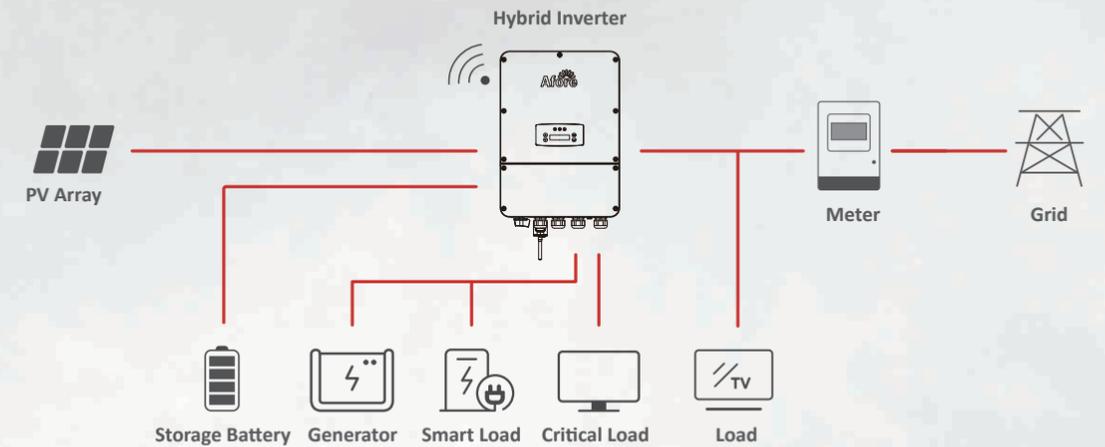

The Afore AF Series storage Inverters are designed to increase energy independence for homeowners. The power range is from 3.0kW to 9.6kW, compatible with high voltage (80-495V) batteries.

Energy management is based on time-of-use and demand charge rate structures, significantly reduce the amount of energy purchased from public grid.

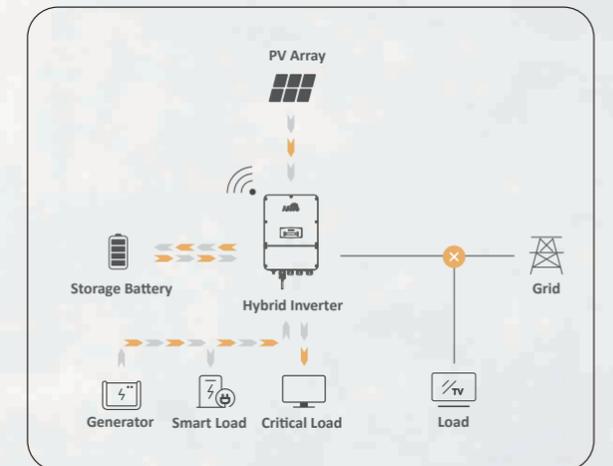

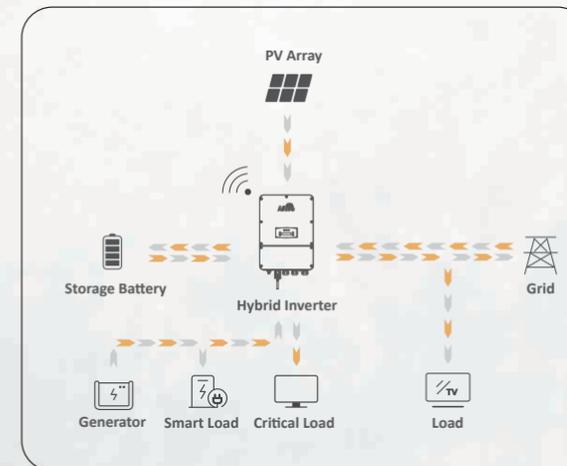

Thanks for the UPS function (switch time < 10ms), enables the crucial loads power on during outages. Additionally, under the backup operation mode, the inverter provides you up to 150% peak output overloading.

The AF Series storage inverters meet the US safety regulations, integrated with Arc Fault Circuit Interrupter (AFCI) and Rapid Shutdown.

For New Storage System:

Optimizing Self-Consumption (on-grid) + Emergency Power Supply(off-grid)

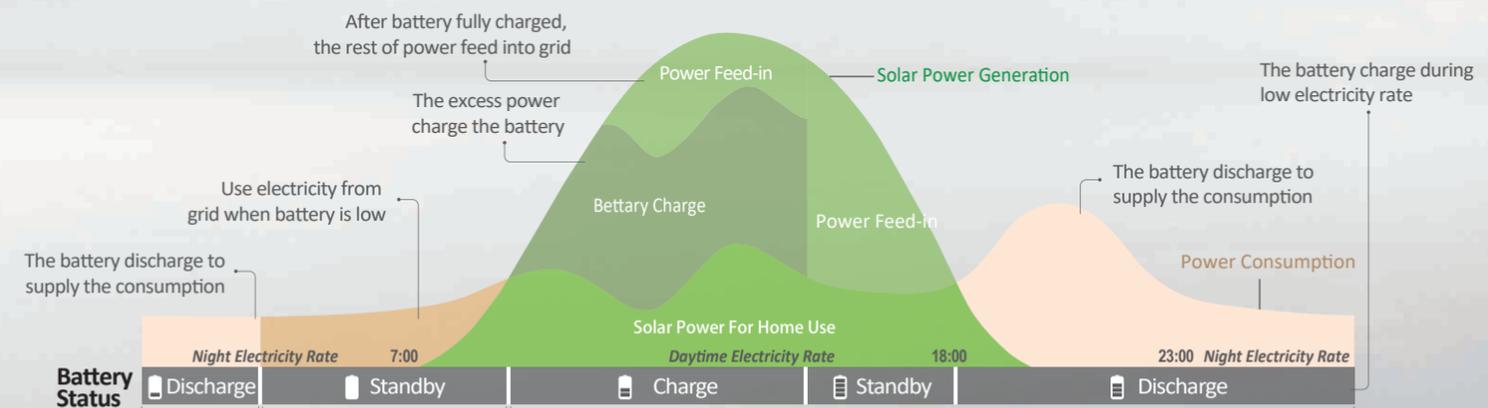

Optimizing Self-Consumption Mode

With home energy storage installed, home owners may also be able to change from a flat rate electricity tariff to a time-of-use tariff. For the areas and regions, where peak shaving can be applied.
