

# MTP60-12V50-RS-DC

60W DC-DC hot-swap power supply for the CCR2004-16G-2S+, CRS504-4XQ-IN, and CRS510-8XS-2XQ-IN.

A convenient way to integrate these devices into -48 V DC-powered infrastructure while maintaining redundant, hot-swappable power. Replace a PSU without shutting down the device – keeping your network up and running, and your clients happy.

## • Specifications

|                       |                   |
|-----------------------|-------------------|
| Product code          | MTP60-12V50-RS-DC |
| DC input              | -36 to -57 V      |
| PSU type              | DC-DC             |
| DC output voltage     | 12 V              |
| DC output current     | 5 A               |
| DC output power       | 60 W              |
| Operating temperature | -40°C to +70°C    |
